## INDIANA TOWNSHIP TRUSTEES

By far, the largest group of elected officials in Indiana is the Township Trustees. They provide essential services to the residents and businesses of the township, and often work at other jobs as well.

Overseeing the poor and distributing poor relief is a primary duty in many townships.

Many trustees creatively cooperate with other agencies in their areas to provide assistance when needed.

If you have an urgent need for medical care, food, or shelter, and have exhausted all means of financial support, contact your local Township Trustee.
