

Community Health Resource Directory 2024 - 2025

Your resource for free and
low-cost health services
in Allen County, Indiana.

SJCHF.org/directories

Inspired by Saint Katharina Kasper, the Catholic women religious community of the Poor Handmaids of Jesus Christ operates ministries around the globe to help individuals receive quality, affordable health and wellness care. In Allen County, Indiana, they have sponsored many health-related works including starting Fort Wayne’s first hospital, St. Joseph, in 1868. Since 1998, they have sponsored the St. Joseph Community Health Foundation.

The St. Joseph Community Health Foundation continues this legacy by providing this quick and easy directory of quality, free, and low-cost health resources that enable everyone in the community to access care.

INDIANA TOWNSHIP TRUSTEES

By far, the largest group of elected officials in Indiana is the township trustees. They provide essential services to the residents and businesses of the township, and often work at other jobs as well.

Overseeing services and relief to low-income community members is a primary duty in many townships.

Many trustees creatively cooperate with other agencies in their areas to provide assistance when needed.

If you have an urgent need for medical care, food, or shelter, and have exhausted all means of financial support, contact your local township trustee.
