Sr. Jolise May elected as General Superior of the PHJC Congregation

The Foundation's sponsor, the Poor Handmaids of Jesus Christ held their General Chapter leadership meetings in April and May in Dernbach, Germany. American Sisters along with Poor Handmaids from England, the Netherlands, India, and Germany had delegates representing the different countries.

At the General Chapter, they elected a new Leadership Team with American Sister Jolise May as General Superior of the Poor Handmaids of Jesus Christ Congregation. Sister Jolise was born in Chicago, Illinois and has served in many ministries in Indiana, Illinois and Mexico. She was Provincial of the American Province from 1997-2005 and recently the Coordinator of Catherine's Cottage and Catherine Kasper Home Sisters in Donaldson, IN.

As Provincial, Sister Jolise also oversaw the sale of St. Joseph Medical Center in 1998 and the reorganization of many of the assets into the St. Joseph Community Healthy Foundation to expand the PHJC community ministry and impact.

**SISTER JOLISE MAY**

Born in Chicago, Illinois
Served in Indiana, Illinois,
and Mexico and now the
General Superior of the
Poor Handmaids world-
wide.

Linda Graham, RN nominated as the 2007 Minette Baum Awardee

Foundation Trustee Linda Graham has been honored as the 2007 Raymond Rosenberger—Minette Baum Awardee for her efforts to alleviate suffering of persons afflicted with illness or injury and promote wellness through prevention of illness, disease or injury .

Linda is a Professor of Community Health Nursing at IPFW. In and outside of the classroom, she dedicates herself to the health care of the under served and uninsured in the Allen County area. This has including several major leadership roles. Linda was a founding member of Matthew 25 Health and Dental Clinic as well as the Aids Task Force and the Healthy Cities Health Fair. Linda coordinates the health fair organized for the under-insured and un-insured. The 16th Annual Healthy Cities Health Fair, held in October, served hundreds of people in need of health care.
